EDITION

JUL 31

VERIFIED

YOUR MUSIC DESERVES A REAL OPPORTUNITY.

Research the room. Respect the route. Make the opportunity count.

ACCESS IS NOT A SHORTCUT.

The directory works when every opportunity is researched, respected, and approached with intention.

01

VERIFY

Open the source and confirm the route, requirements, activity, fees, and current contact details.

02

QUALIFY

Match the artist's genre, market, story, format, career stage, and release timing to the opportunity.

03

PERSONALIZE

Reference the outlet, show, channel, playlist, label, or event. Never send a generic mass pitch.

04

DELIVER

Send one clear listening link, a concise reason for fit, and only the assets explicitly requested.

05

TRACK

Record status, date, response, next action, and follow-up. Professional consistency compounds.

HOW ARTISTS MAKE CONTACT

Use the labeled OPEN button for the official route. Every public email, phone number, Instagram, YouTube channel, and website found in the source is printed and clickable beside it.

WHEN DIRECT DETAILS ARE NOT PUBLIC

Contact through the official submission page or platform profile shown. The guide never guesses private addresses, personal phone numbers, or unlisted contact information.

BE READY BEFORE ACCESS ARRIVES

BUILD THE PITCH KIT FIRST.

The strongest contact list cannot compensate for an unclear artist identity or incomplete assets.

CORE MUSIC ASSETS

- One clean streaming or private listening link
- Radio edit and clean version when applicable
- Correct artist name, song title, credits, ISRC, and release date
- Rights and sample clearance clarity

PROFESSIONAL IDENTITY

- Concise artist biography and clear positioning
- High-resolution press photos and cover artwork
- Current EPK, website, and aligned social profiles
- One relevant story angle - not a life history

OPPORTUNITY READINESS

- Genre and audience fit researched before outreach
- Specific call to action for the recipient
- Performance reel, stage plot, and draw data for live pitches
- Follow-up date and response tracking system

NON-NEGOTIABLE

Do not buy or request guaranteed placement, artificial streams, fake engagement, or undisclosed pay-for-play. Protect the artist's catalog, reputation, data, and long-term platform eligibility.
